

Datasheet: Wooden Handle Rubber Mallet

Document Version: V1.0

1. Product Information

**Product Name:** Wooden Handle Rubber Mallet

**Item Number:** 256081

**Weight:** 8oz

2. Features & Benefits

- Premium Rubber Head:** Soft surface minimizes damage to objects during impact.
- Hardwood Handle:** Durable and securely attached using a specialized embedding process.
- Non-Sparking:** Safe for use in explosive environments.
- Cost-Effective:** Affordable pricing makes it ideal for widespread use.
- Versatile Applications:** Widely used in construction, decoration, and mold repair industries.

3. Technical Specifications

Parameter	Details
Item Number	256081
Weight	8oz
Head Material	Rubber
Handle Material	Hardwood
Handle Design	Special embedded construction for durability
Special Feature	Non-sparking, suitable for explosive environments

4. Applications

- Construction & Decoration:** Ideal for tasks requiring gentle impact without surface

damage.

- **Mold Repair:** Suitable for precision work in mold maintenance and repair.
