

Datasheet: Professional Dual-Color Handle Water Pump Pliers

Document Version: V1.0

1. Product Overview

Product Name: Professional Dual-Color Handle Water Pump Pliers

Item Number: 204108

Size: 200mm (8")

Description:

Crafted from Cr-Ni steel with overall quenching treatment, these pliers are robust and durable. The handles feature TPR dual-color injection molding, providing a comfortable grip. The precision mortise-and-tenon structure ensures a non-slip grip and secure clamping. The pliers undergo a blackening and double-sided machine polishing process, enhancing their industrial design aesthetic. Suitable for various clamping and twisting tasks.

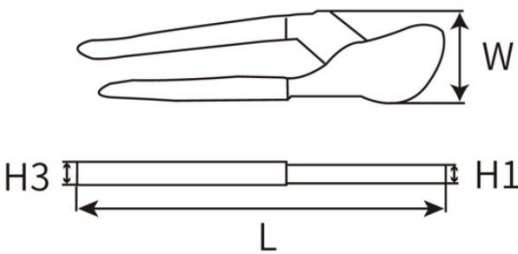

2. Key Features

- **Premium Material:** Made of Cr-Ni steel with overall quenching for enhanced durability.
- **Comfortable Grip:** TPR dual-color injection-molded handles for a comfortable hold.
- **Precision Structure:** Mortise-and-tenon joint ensures a non-slip grip and firm clamping.
- **Aesthetic Design:** Blackened and double-sided polished for an industrial look.

3. Technical Specifications

Parameter	Details
Item Number	204108
Size	200mm (8")
Length (L)	203mm
Width (W)	49.8mm
Height (H1)	19.8mm
Height (H2)	311.5mm

4. Applications

- **Mechanical Repair:** Ideal for clamping and twisting mechanical parts.
- **Plumbing Work:** Useful in pipe installation and maintenance for holding and securing pipes.
- **Home Maintenance:** Suitable for various clamping tasks in daily household repairs.
- **Industrial Manufacturing:** Assists in assembly and debugging tasks on production lines.

5. Packaging Information

- **Packaging Type:** N/A

6. Warranty & Support

- **Warranty Policy:** One-Year Limited Warranty
- **Customer Support:** For any inquiries or technical assistance, please contact the manufacturer's customer service.
