

Datasheet: CLAMPLUS Tie Wrap Tool (Model: HS-519)

General Information

- **Place of Origin:** Chinese Mainland
- **Brand:** CLAMPLUS
- **Material:** High Carbon Steel
- **Size:** 7 inches
- **Model Number:** HS-519
- **Province:** Zhejiang
- **City:** Wenzhou
- **Color Classification:** Red HS-519

Product Overview

The CLAMPLUS Tie Wrap Tool (Model: HS-519) is a convenient, fast, and practical tool designed for tightening and cutting tie wraps. Made from high carbon steel, this tool ensures durability and reliable performance in various applications. Its compact size and simple operation make it an essential tool for both professional and DIY use.

Key Features

- **Efficient Operation:** Quickly tightens and cuts tie wraps with ease.
- **Durable Material:** Constructed from high carbon steel for long-lasting use.
- **Compact Design:** 7-inch size makes it easy to handle and store.
- **Versatile Use:** Suitable for a wide range of applications, including electrical installations, cable management, and general bundling tasks.

Technical Specifications

Parameter	Specification
Model	HS-519
Tie Wrap Size Range	2.5 - 9.5mm

Parameter	Specification
Length	195mm
Weight	0.26kg

Applications

- Electrical wiring and cable management
 - Bundling and securing hoses, wires, and cables in automotive, industrial, and household settings
 - General fastening and organizing tasks
-

Advantages

- **Time-Saving:** Streamlines the process of tightening and cutting tie wraps, saving time and effort.
 - **Reliable Performance:** High carbon steel construction ensures consistent and dependable operation.
 - **Easy to Use:** Simple design allows for quick and hassle-free operation, even for beginners.
-

Package Contents

- 1 x CLAMPLUS Tie Wrap Tool (Model: HS-519)
